

## RIM-EXT

12/24 Volt LED amplifier to add more LED light load on one application

### Specifications

Part #: RIM-EXT  
Input Voltage: 110v to 12/24 volt DC  
Power max: 4 Amp  
Output: 12/24 volt DC  
Net Weight: 0.3lbs  
Dimensions: 1" x 2" x 4.5"

### Product Description

The Rimikon extender is an amplifier capable of doubling the LED light load by adding an extra power supply using one switch or IP controller for single color or RGB.

Double your load lights by adding 1 extender and power supply using the same switch, dimmer or IP controller. Used for recessed lights, strip light, cabinet lights and panel lights.

Use with 12V DC or 24V DC power supplies.

Warranty 1 year
